

 **AIRE**
Association of Industrial Real Estate Brokers

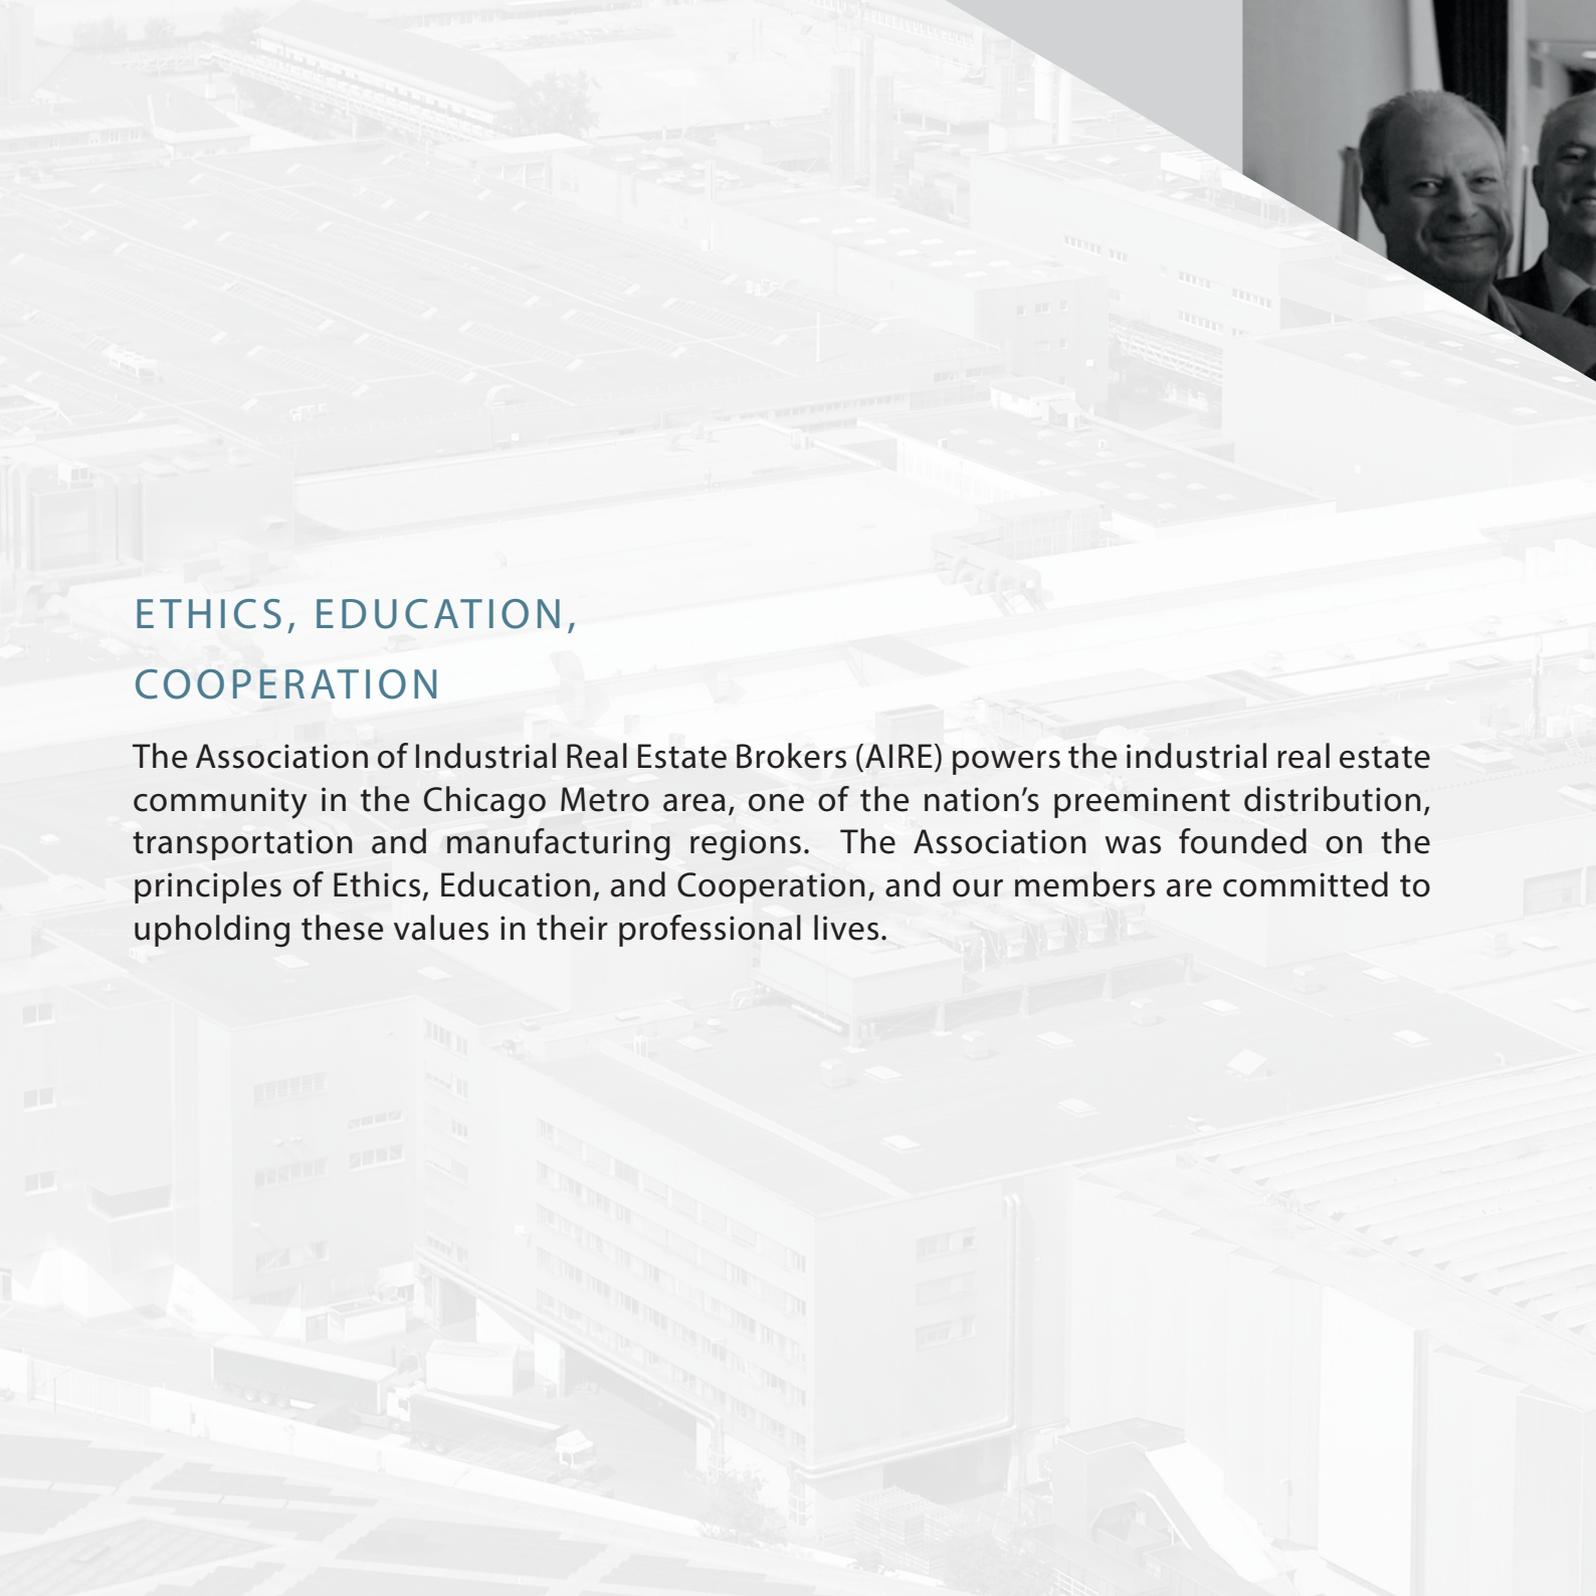

THE BUSINESS OF SUCCESS

Teaming with AIRE brokers and other members can ensure success in Chicago industrial real estate.

AIRE delivers a proprietary platform of technology-based tools, talent resources, and networking opportunities exclusively to its members, giving AIRE brokers a competitive advantage in the industry.

ETHICS, EDUCATION, COOPERATION

The Association of Industrial Real Estate Brokers (AIRE) powers the industrial real estate community in the Chicago Metro area, one of the nation's preeminent distribution, transportation and manufacturing regions. The Association was founded on the principles of Ethics, Education, and Cooperation, and our members are committed to upholding these values in their professional lives.

MORE THAN 60 YEARS OF EXCELLENCE

The Association began in 1956 by a visionary group of industrial real estate brokers who formed an organization to exchange proprietary market information and elevate the profession's standing through cooperation.

MEMBERS THAT MATTER

AIRE's membership base includes more than 425 Active Brokers and Owners, complimented by 150 Associate Members, all experts in industrial property transactions, ownership, development, lending, construction, architecture, logistics, materials handling and other related specialities.

Monthly Education Programs

Monthly conclaves provide an arena for continuing education, thought leadership and relationship building amongst brokers, owners and associates. These shared experiences inspire collaboration and trust, strengthening future transactions and producing better outcomes for clients.

AIRE leverages technology to streamline communications, marketing, broker tools, information exchange and connectivity so its members may better serve occupier clients, institution landlords, investors and related service partners.

Focus On Technology

EVENTS TO REMEMBER

AIRE events promote familiarity, social connectivity and cooperation among members. Events include our heavily-supported annual Golf Outing, the Developer and Technology Showcase, the most-popular Virtual Market Tour and the Holiday Party. More recently, we introduced new networking opportunities for brokers and owners and exclusive networking events for Emerging Leaders.

GET INVOLVED

AIRE's long-standing tradition of Ethics, Education, and Cooperation attracts the best and brightest in Chicago real estate and provides an invaluable portal for top talent entering the industry.

EDUCATE

Industry leaders regularly share their tactics and insight with our members, making them smarter and better educated, and our programming informs the latest social, business and political trends and innovation.

BUILD

Our fraternal spirit promotes cooperation and trust, which directly translates into superior outcomes for our clients.

ACT

Our commitment to ethics and service underscore that character matters and peer leadership produces top performance.

MOTIVATE

An engaged, motivated Board of Directors ensures that the Association remains relevant and fresh, and continues to serve the needs of members and their clients.
